I. SUMMARY:

Provides that with respect to parking ticket violations, the vehicle owner is required to submit an affidavit indicating that the owner of the vehicle was not the violator in those instances where a vehicle was in the custody of another person. The affidavit shall be admissible in a proceeding charging a parking ticket violation, and shall raise the rebuttable presumption that the person identified in the affidavit is responsible for payment of the parking ticket violation.

A. PRESENT SITUATION:

Currently, section 316.1967, F.S., states that the owner of a vehicle is responsible and liable for payment of any parking ticket violation unless the owner can furnish evidence that the vehicle was, at the time of the parking violation, in the care, custody, or control of another person. In such instances, the owner of the vehicle is required, within a reasonable time after notification of the parking violation, to furnish to the appropriate law enforcement authorities the name and address of the person or company who leased, rented, or otherwise had the care, custody, or control of the vehicle.

The owner of a vehicle is not responsible for a parking ticket violation if the vehicle involved was, at the time, stolen or in the care, custody, or control of some person who did not have permission of the owner to use the vehicle.

B. EFFECT OF PROPOSED CHANGES:

Section 316.1967, F.S., is amended to provide that with respect to parking ticket violations where the owner of the vehicle was not the violator, the violator shall submit an affidavit setting forth the name, address and driver's license number of the person who leased, rented, or otherwise had the care, custody, or control of the vehicle. The affidavit submitted pursuant to this

I. SUMMARY:

A. Present Situation:

Section 316.1967, F.S., provides that the owner of a vehicle is responsible and liable for the payment of any parking violations issued to the vehicle unless he can furnish evidence that another person was using the car at the time of the violation. If another person was using the vehicle, the owner must furnish the authorities the name and address of that person. The owner is not responsible if the person in possession of the vehicle at the time of the violation did not have the owner's permission for the use.

B. Effect of Proposed Changes:

The bill would require any owner who denies responsibility for a parking violation because another person was using the vehicle, to furnish the authorities an affidavit containing the name, address, and driver's license number of the person in possession of the vehicle. The affidavit would be admissible in a proceeding charging a parking violation and would raise a presumption that the person identified in the affidavit is responsible for payment of the parking ticket. The individual charged pursuant to an affidavit would be allowed to rebut the presumption of guilt.

II. ECONOMIC IMPACT AND FISCAL NOTE:

A. Public:

None.

B. Government:

Governmental entities may collect more of the parking fines incurred by non owners.

III. COMMENTS:

None.

IV. AMENDMENTS:

None.
